Schedule RC-C Part II - Loans to Small Businesses and Small Farms(Form Type - 041)

Report the number and amount currently outstanding as of the report date of business loans with "original amounts" of \$1,000,000 or less and farm loans with "original amounts" of \$500,000 or less. The following guidelines should be used to determine the "original amount" of a loan:
(1) For loans drawn down under lines of credit or loan commitments, the "original amount" of the loan is the size of the line of credit or loan commitment when the line of credit or loan commitment was most recently approved, extended, or renewed prior to the report date. However, if the amount currently outstanding as of the report date exceeds this size, the "original amount" is the amount currently outstanding on the report date. (2) For loan participations and syndications, the "original amount" of the loan participation or syndication is the entire amount of the credit originated by the lead lender. (3) For all other loans, the "original amount" is the total amount of the loan at origination or the amount currently outstanding as of the report date, whichever is larger.

(TEXT6980) Brokered deposits include reciprocal balances of clients of the Bank. Since the events of March 2023, the Bank has engaged in programs to instill greater confidence in their depositors and mitigate the risk of volatility of these balances by encouraging clients to move their deposits into reciprocal networks which provide 100 percent deposit insurance. As a result, the Bank's insured deposit levels are among the highest in the nation. However, this has an adverse impact in that it has caused a significant increase in brokered deposits, even though these are our client's funds and not from a wholesale deposit broker.
